## Ashley St. To Be Widened

Proceedings to condemn property on Ashley ave., one block East of Hawthorne blvd. in order to widen the street were voted by the city council Tuesday night.

The motion came from Councilman Albert Isen. Isen maintained that the street is a hazard to life and property because it is so narrow that no fire engine can pass through it.

Temper flared and there was an exchange of heated remarks when Councilman Willys Blount refused to go along with the rest of the council members because he did not wish to help others pay their "political

debts." The remark was directed at Councilman Isen. Anthony Bilotti, of 18528 Ashley, thereupon asked permission to address Blount.

Stating that the condition has existed for the last three years without anything being done about it, Bilotti asked "has Mr. Blount any regard for life or property?"

Isen's motion was passed by Mayor Nick Drale and Councilman Mervin Schwab.

## WHAT'S DOING

Where safety is always in style

The man inside the strange garments (at right) put them on to show you the wide variety of safety devices we use today. Of course, it isn't likely a telephone man will need all this equipment on any single job. But whatever the job, telephone men have the safety devices and techniques they need. Making safety our style pays off for you. For we think a job must be safe to be good. And only good jobs can hold the capable people needed to bring you more service, dependable service, at lowest possible cost. Pacific Telephone works to make your telephone a bigger value every day.

Save time—look up numbers before you call

You know, telephone numbers have a way of getting twisted when you rely on memory alone. So, to make sure you get right numbers the first time you call, look in the telephone book for those you're doubtful about. And to help you keep handy the numbers you call most often, we'll be glad to send you a free booklet to list them in. Get your copy by calling, writing, or dropping in at our business office.

An extra telephone  
is yours for  
just pennies a day

In any room in your home, you can have the added privacy and convenience of an extension telephone. In bedrooms or kitchen... in the garage or basement, extensions save you steps, save you time. And this extra service is yours for just pennies a day. We can offer this service because no additional outside wires or equipment are needed—only the telephone itself. To order your extension, just call our business office. Pacific Telephone.
